

PROSLIM 8K DisplayPort Cable

Slim 8K@60Hz DisplayPort cable, version 1.4, length of 2 meters

Elevate your visual experience with our 8K DisplayPort 1.4 cable featuring a slim design, enhanced durability, and secure latches for a reliable connectivity. Length 2m.

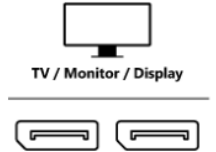

8K@60Hz

Length

Ø Slim Diameter

KEY FEATURES

Slim, Flexible and Durable Design

Slim wiring allows cable to be manoeuvred with reduced damage risk. Length of 2m means it is long enough to connect from host DP to the monitor without hassle whilst maintaining excellent cable management.

Secure Locking Latches

Integrated latch button provides a secure and firm connection, whilst maintaining both male ends in perfect condition.

Experience UHD 8K with Realistic Quality

Enjoy the best quality including film, art and gaming. Supporting a refresh rate as high as 144Hz and 60Hz, on 4K and 8K resolution for added video smoothness.

Dependable Data Transmission with HDR3

Featuring High-Speed transfer rates of 32.4 Gbps and HDR3 (High Dynamic Range) to reduce input lag, ensuring a constant frame rate. The increased dynamic range quality guarantees the smoothest video experience.

Experience Crystal Clear Sound Quality

Enjoy superior sounding experience with multichannel audio and support for all known audio formats.
